

NEGRO MAN WAS DROWNED

In All Probability Sunday
Afternoon In Pond
River.

LEFT HERE THAT DAY

Was En Route To Sacra-
mento, Ky., To Take
a Horse.

A well-known colored stable hand
named Neal Catlett was probably
drowned in a swollen stream near
Yonts' old store Sunday afternoon.

Catlett left the city at 10:30 Sun-
day morning to ride a horse sent by
V. L. Gates to Sacramento, Ky.
He was instructed to go to Green-
ville that night and make the rest of
journey to McLean county Monday.

About 3 o'clock Sunday afternoon
Mr. Gates received a telephone mes-
sage that his horse had been found
on a bridge over the West Fork of
Pond River surrounded by high wa-
ter, minus the rider.

The last seen of Catlett was when
he asked a man in the neighborhood
of the bridge if he could get across
the stream. He was told that the
water was very high, but he went
ahead and attempted to ford the
back water. Nobody knows just
what followed, but up to yesterday
afternoon Catlett had not been
heard from nor had his body been
found. It is regarded as certain
that he was swept off the horse and
drowned and that the animal swam
across the water and reached the
bridge. Search has been made
every day, but the water is still so
high that all efforts have been un-
successful. Catlett was about 40
years old and leaves no family. He
was employed from time to time in
the livery stables of the city.

RESOLUTIONS

Of Respect On Charles L.
Daniel.

Hall, Green River Lodge No. 54,
I. O. O. F.—Our brother united with
Green River Lodge on the 18th day
of November 1901. And since receiv-
ing the stroke that made him a
member and Peer in our Chivalrous
order, he has ever been true and
loyal to its tenets and a worthy ex-
emplar of its high and noble prin-
ciples. And whereas, our dearly be-
loved brother Charles L. Daniel has
been suddenly called by the ruler of
the universe to his home on high,
for the final test of his brave soul
and chivalric spirit, therefore, be it
Resolved, by Green River lodge,

ROYAL Baking Powder Economy

The manufacturers of Royal Bak-
ing Powder have always declined
to produce a cheap baking powder
at the sacrifice of quality.

Royal Baking Powder is made from
pure grape cream of tartar, and is
the embodiment of all the excellence
possible to be attained in the high-
est class baking powder.

Royal Baking Powder costs only a
fair price, and is more economical
at its price than any other leavening
agent, because of the superlative
quality and absolute wholesomeness
of the food it makes.

Mixtures made in imitation of baking powders, but containing alum,
are frequently distributed from door to door, or given away in grocery
stores. Such mixtures are dangerous to use in food. In England,
France, Germany and some sections of the United States their sale is
prohibited by law. Alum is a dangerous mineral acid, and all
physicians condemn baking powders containing it.

The label of alum baking powders must
show the ingredients.

READ THE LABEL

that in the death of our beloved
brother C. L. Daniel, this lodge has
sustained the loss of one of its
truest and most faithful Odd Fel-
lows and co-workers. One who by
his example and precept sought to
elevate our order and exemplify the
true teaching of Friendship, Love
and Truth, which form the cardinal
principles of our fraternity. That
in every condition of life in which he
was placed he showed to the world
that sincere and abiding faith, even
as a little child, compatible with
true and loyal manhood.

When in the fullness of time death
comes and plucks "Ears that are
hoary" taking to himself one whose
morning of life has been succeeded
by the noonday of existence, and
this in turn has been yielded to com-
ings eastward, sloping shadows
and the fullness of age; in the death
of such a one there is no shock to
the feelings, but death falls even as
the restful shadows of the night suc-
ceed the day of toil.

But how different it is when "The
voice of the weeper wails manhood
in glory."

When the sun of life is blotted out
while yet in the youth, when the
laborer is called before his task is
half completed, while the bloom of
existence is unfaded and the strength
undiminished. Such was it with our
brother C. L. Daniel, whose untimely
and shockingly sudden death we
now so deeply deplore.

In the flower of his manhood he is
cut down, in the flush of his youth
he is called from among us. There-
fore be it resolved by Green River
Lodge 54 that in the death of our
brother, this Lodge has sustained
the loss of one of its truest and
most faithful members, one whose
memory we will keep green in our
hearts until we are united with him
in the presence of our Ruler and
King.

To the young wife who has sus-
tained this irreparable loss in the

sudden taking away of this faithful
husband, and to the little boy, the
idol of the home, in the loss of this
devoted father, and to the other
members of the family, our hearts
go out in sympathy, which we find
it impossible to express.

Resolved further, that a copy of
these resolutions be spread on the
minutes of this lodge, on a page to
be set aside to the dedication of
these resolutions.

That same be printed in the
city papers, and a copy be sent to
the members of the family, and
that our members wear the usual
badge of mourning for 30 days.

L. H. DAVIS,
W. C. WRIGHT,
GREEN H. CHAMPLIN.

Musings From Beverly.

April with its sunshine and shad-
ows has come and gone once more.
To one who has seen the passing of
this fickle month for over three
score years, it seems that its fitful
humors were never more vividly con-
trasted than in that just past.

In keeping with the dark and
bright in nature, have been events
in the lives of those around us, even
more startling to some in their ag-
ony of distress, to others in moments
fraught with gladness, joy and
pleasure.

While our hearts go out in deep
sympathy to these, we can but re-
joice that dear little children could
catch some of the sunshine to bright-
en their lives for the present, and
remain a happy remembrance
through all their coming years.

The birthday gathering in honor
of little Mildred and Jessie Nell Ste-
gar, so generously and beautifully
provided by their parents, Mr. and
Mrs. Ed Stegar, Jr., was the occa-
sion of most hearty enjoyment. There
was nothing left undone to contrib-
ute to the pleasure of the little folks.

The spacious house and grounds
of their comfortable country home
were thrown open, and equipped
with everything that could afford
them amusement and pleasure—
swings on the galleries, games of
every kind in the yard and what
children like best to eat and drink,
was bountifully provided. May both
they and their kind parents "live
long and be happy."

A GUEST.

STATE CAMP

Of Woodmen in Session at
Bowling Green.

Bowling Green, May 3.—The Third
Triennial Camp of the Modern
Woodmen of America convened in
the Y. M. C. A. at 10 a. m. today.
One hundred and four delegates and
many alternates, and many visiting
Woodmen are in attendance.

The State Camp delegates repre-
sent a membership of 23,224 in the
State.

Sam A. Smith, of Mayfield, is
State Consul.

A generous man doesn't give his
friends away.

PUPILS' EXAMINATIONS

Will Be Held On May 12
And 13.

Miss Jennie West, Superintendent
of schools, has announced the fol-
lowing examinations at the court-
house:

On Friday and Saturday, May 12
and 13, there will be an examination
for graduates of the county schools.
On the certificate received at this
examination will the pupils be ad-
mitted to the high school if they
desire.

On May 19 and 20 the examination
of white teachers will be held and
on May 26 and 27 the examination
for colored teachers will take place.

W. A. Southall, of Amarillo, Tex.,
who visited his parents this week,
left last night for his home. Mr.
Southall is connected with a large
hotel in Amarillo.

J. C. Slaughter, who has been at-
tending the University of Louisville,
has returned home to spend vaca-
tion.

Men who mean no harm are not
necessarily harmless.

SHE'D MAKE HIM PROPOSE

Binks—Is it hard to propose to a
girl?
Blinks—Depends on the girl.
Binks—How so?
Blinks—If she has been out several
seasons it is hard not to.

The farce comedy that fails to
make a hit is no laughing matter.

Ever notice that a lecturer always
comes highly recommended?

Children Cry
FOR FLETCHER'S
CASTORIA

Ointments have been used long-
er than any other form of medicine. For
hundreds and thousands of years they have relieved pain
and healed injuries. In using an ointment it is not nec-
essary to take anything into your system, the action is
directly on the inflammation, sore or bruised spot, thus
securing the best and quickest of all cures.

We make over twenty different ointments for different
purposes. One of the most practical is used for burns,
another for bruises and another for cuts. These three at
least, Nyal's Eczema Ointment, Nyal's Carbo Witch Hazel
Salve and Nyal's Arnica Salve,

Should Be in Every Household

Any family without a few of our ointments on hand
is bound to suffer needless pain and inconvenience

Druggist, Phoenix Building.

Anderson's Store Starts A Reforestory Movement!

On Friday afternoon May 5th, at 3:30 Anderson's Store will give to any school child, boy or girl, who will call at their store, a perfect CATALPA Tree. The only condition the Anderson Store makes to the gift is that each child will write his or her name and address on a piece of paper and hand it to them in exchange for the tree, and that the child will agree to plant the tree and attempt to maintain it for a term of two years.

The Catalpa Tree has been selected by the Government as the most successful tree with which to experiment in the reforestation of the country. The Chicago City Forester, J. H. Prost, writes that the Catalpa is best adapted to the purpose on account of its rapidity of growth and its antiseptic qualities.

THE TREE GETS ITS GROWTH IN FOUR YEARS

It is a tree that matures in 4 years. Groves of the trees grown in Indiana have reached an almost uniform height of 28 feet, crowned with a shade-giving "umbel" and bearing beautiful flowers for ornament and even bee pastures. The Catalpa possesses a unique antiseptic value. No tree germ can live on it. Its leaves produce follicles laden with antiseptic fluids, the effects of which are apparent even to the ground along the tree trunks. It will grow in all soils and according to City Forester Prost, demands professional manipulation.

ONE FOR EACH CHILD.

The Anderson Store aims to deliver to each child at least one of the Catalpa trees, and if there are any trees left over those children who apply first will get more than that number. Remember the conditions, every child irrespective of age, desiring a tree, will write his full name on a piece of paper and bring it to the Anderson Store Friday afternoon, May 5th, at 3:30 and he will be given a Catalpa tree free. He may plant it at any place he chooses, and the Anderson Store agrees to offer a prize of \$5.00 for the child growing the largest tree in 12 months.

J. H. ANDERSON & COMPANY.
